Knowing that you've put in the effort (Input) and met the contract requirements (Outputs and Outcomes) is no longer enough. To attract future funding and to demonstrate your effectiveness—you need to show the Impact you've made.

This workshop will take you through a process to enable you to:

- Focus your efforts on what really matters
- Ensure you engage with ALL stakeholders
- Allow for outside influences
- Measure what counts
- Communicate the difference you are making
- Boost the effectiveness of your organisation

To gain the most from this workshop

- TWO representatives from your organisation should attend together and
- Have a specific project in mind, any recently finished or future project/bid.

By the end of the workshop you'll be brimming with practical ideas and have started applying these to your chosen project.

Previous delegates said:

"...will help you focus on what's important and how to achieve it."

"You'll feel much more confident at showing your impact in your next funding bid or annual report"
